conduct. Respondent admitted guilt to the First Specification of the charges brought against him. Specifically, respondent was charged, and admitted to, committing professional misconduct by engaging in conduct in the practice of the profession of medicine that evidences moral unfitness to practice. It was alleged that on or about December 29, 1996, respondent inappropriately kissed Doctor A on her hand at St. Clare's Hospital and Health Center. It was also alleged that in the fall of 1996, respondent inappropriately kissed Doctor B on her hand at St. Clare's Hospital and Health Center.

3. As a result of the foregoing, respondent was subject to censure and reprimand. Respondent was subject to a fine in the amount of \$5000, and was required to complete an educational course concerning appropriate interpersonal boundaries and the nature and inappropriateness of sexual harassment of other individuals, within six months of the date of the New York Consent Order.

Based on the foregoing findings and conclusions, a Provisional Order of Discipline reprimanding respondent was entered on July 26,

The Provisional Order was subject to finalization by the Board at 5:00 p.m. on the 30th business day following entry unless respondent requested a modification or dismissal of the stated Findings of Fact or Conclusions of Law by submitting a written request for modification or dismissal setting forth in writing any and all reasons why said findings and conclusions should be modified or dismissed and submitting any and all documents or other written evidence supporting respondent's request for consideration and reasons therefor.

Although the record reflects that the Provisional Order was served upon respondent, no response has been received to date. Accordingly, the Board considered the matter, determined that further proceedings were not necessary and the Provisional Order should be made final.
